# The System Works

## Benefits of the CertainTeed Integrity Roof System

### **A superior roof is stronger than the sum of its parts**

A quality roofing system involves the underlayments, shingles, accessory products, and ventilation all working together. Day after day, year after year.

### **At CertainTeed, we call that the Integrity Roof System**

The Integrity Roof System is designed to provide optimum performance — no matter how bad weather conditions are. After all, better quality shingles mean longer-lasting roofs.

Add in underlayment and accessory products, and you've got a roof system that really works.

When you choose an Integrity Roof System you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

### **Insist upon the Integrity Roof System and get the ultimate in roof performance!**

Hip & Ridge

Roofers' Select™ or  
DiamondDeck™

## Hip & Ridge Accessories

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

## CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business. Flintlastic® roll roofing products are also available for flat roof areas.

## Roofers' Select™ or Diamond Deck™

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

## WinterGuard™

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

## Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.
