

# the Claw

This revolutionary spring-loaded, quick-release system provides quick bass drum mallet placement for 14 and 16 inch deep marching bass drums. The attractive and strong black anodized finish creates a slick yet subtle appearance with a strong aluminum edge for optimal protection against rim clicks.

## ACCESSORY MOUNT

The Accessory Mounting Bracket securely mounts to the rim of any free floating drum and has been redesigned to provide a more compact and stable attachment for percussion accessories without muffling shell resonance. The universal F-clamp design provides multiple rod applications for hi-hats, cymbals, cowbells, jam blocks and ribbon crushers. Each rod comes with appropriate mounts, felts and a memory lock to make set-ups quick, easy and consistent with maximum stability.
