Fire Performance
Infusions panels have been tested according to NFPA 286 and are equivalent to Class A Interior Finish as defined by the International Building Code.
Contact TechLine at 1 877 ARMSTRONG for specific US and Canadian fire performance data.

Installation and Design Considerations
Do not allow panel edges to get wet.

Infusions panels are not approved for exterior application.
Panel kits include ceiling hanging kit and floor mounting kit hardware. Floor mounting hardware is optional, but recommended. Floor mounting hardware requires field drilling pilot holes in panels.

Linking kits must be ordered separately.
Panels can be damaged by exposure to high temperatures. Panel temperature should not be permitted to exceed 100°F.

Warranty
One (1) year limited warranty.
See armstrong.com/warranty for details

Weight; Pieces/Carton
Panel weight – 25 lbs
2 pieces/carton
Carton weight – 55 lbs
