P R E M I U M W O O D V I N Y L P L A N K

- 1 **1/8" gauge, 4" x 36" vinyl plank, 28 mil wear layer**
- 2 **Scratch-resistant urethane with ceramic bead finish; no waxing required**
- 3 **72% recycled content**
- 4 **Exceeds F1700 specification for wear layer**
- 5 **Resists bacteria growth**

EnviroFlex™ product. May contribute to one or more LEED® credits.

B

lending the beauty of natural woods with the durability and resilience of vinyl flooring, natural elements premium wood vinyl plank uses original designs to transform rooms with the look and feel of realistic wood. Our ceramic bead enhanced urethane coating with NanoSilver particles contains a unique anti-microbial agent to fight germs that can collect on the flooring surface, such as Staph and E-Coli. This anti-bacterial technology inhibits the growth of microbes and their proliferation and metabolism. As flexible to install and easy to use as traditional vinyl tile, this commercial-grade resilient flooring provides the warm atmosphere and welcoming environment that only wood can create.
