The iS Fusion Tag is a unique anti-theft solution that can effectively increase merchandise protection and product availability. It combines hard tag deterrence with the application and processing ease of a label. Among EAS solutions, this Checkpoint tag is a natural fit for high-profile, high-risk items such as electronics, appliances, and cosmetic sets. It's available in RF or AM technology, and bonds permanently to the packaging. To protect your merchandise, you now have a solution with infinite possibilities: the iS Fusion Tag from Checkpoint.

Highlights:

- ✓ Ultra-lightweight, pinless protection
- ✓ Provides strong visual deterrence
- ✓ Sticks securely for one-time use
