

Viega PEX Press

2" Zero Lead™ PEX Press by Fitting Adapter

April 2011

viega

Viega's 2" Zero Lead PEX Press by Fitting Adapter

There are now two types of fitting adapters specifically designed for each type of connection method, solder and Viega ProPress®. The difference in the two fitting adapters is outlined below. These fittings also include application specific Product Instruction sheets and warning stickers noting their intended connection method.

PEX Press by Copper Fitting Adapter

- Stainless Steel tool locator ring
- Solder fitting adapter (ANSI B16.18)

APPLICATION:
Solder only!

PEX Press by ProPress Fitting Adapter

- White plastic tool locator ring
- Grooved press surface

APPLICATION:
ProPress only!
