iS SURROUND TAG

INFINITE SOLUTIONS FOR INFINITE PRODUCTS – *DISPOSABLE WRAP PROTECTION*

The iS Surround Tag is an anti-theft solution that can increase protection for a wide variety of packaged merchandise. Among RF-EAS solutions, the Checkpoint iS Surround is a low-cost, disposable alternative to expensive wraps, and a natural fit for high-risk items stocked on open shelves. It is easily applied on any side of a package, and pulls tight for a snug fit. The adhesive backing on the front-facing EAS tag holds tight even if the cord is cut. Now you have infinite solutions to free your merchandise from behind glass: the iS Surround Tag from Checkpoint.

The iS Surround Tag works with all Checkpoint EAS security systems.

Highlights:

✓ Disposable (consumable) product-surround protection

✓ Clear tags reveal branding; visible wrap deters theft

✓ Can be placed on any side of packaging

✓ Increases speed at POS

✓ Combats organised retail crime (ORC)

✓ Distribution Center (DC) or @Source application systems available

✓ Product arrives floor-ready

✓ Available exclusively from Checkpoint Systems
