iS PEG HOOK TAG

INFINITE SOLUTIONS FOR INFINITE PRODUCTS – *MORE PROTECTION FOR PEGGED ITEMS*

The iS Peg Hook Tag is an anti-theft solution that can increase merchandise protection and customer convenience, without affecting branding. Among RF-EAS solutions, this one-time use Checkpoint RF tag is a natural fit for high-profile, high-risk items normally kept behind glass. It attaches easily and quickly through a single hole and is easily removed by the customer after purchase. To protect your merchandise, you now have the iS Peg Hook Tag, one of Checkpoint's infinite solutions.

The iS Peg Hook Tag works with all Checkpoint EAS security systems.

Highlights:

- ✓ Attaches easily through a single hole
- ✓ Allows goods to be removed from peg hook without assistance from store personnel
- ✓ Easily deactivated at POS; disposable
- ✓ Difficult to defeat with common tools
- ✓ No interference with product branding
- ✓ Keeps products easily accessible on shelf
- ✓ Available for in-store or @Source tagging
- ✓ Available exclusively from Checkpoint Systems
