

Viega PEX Press Polymer Fittings

viega

Expand your market to light commercial
with larger diameter Viega PEX Press polymer fittings

Viega is proud to announce the availability of large diameter fittings up to 2", perfect for light commercial projects. Viega PEX Press is the only PEX system that utilizes Viega's revolutionary Smart Connect® feature.

Made from a high performance polymer, the Viega PEX Press system saves on installation time. This new innovative system, combined with Viega's flexible PEX tubing, requires fewer connections than traditional systems. With more than 112 years of experience producing quality plumbing systems, trust Viega for all your light commercial needs.

Features and benefits:

- Viega Smart Connect feature helps installers easily identify unpressed connections
- NSF-61 approved for use in potable water systems
- Suitable for use in radiant heating systems
- Comprehensive 10-year transferable warranty
- Made in the U.S.A.

References to Zero Lead throughout this publication means product meeting the requirements of NSF 61-G through testing under NSF/ANSI Standard 372 (0.25% or less percent maximum weighted average lead content). A few states already require meeting those requirements for plumbing fittings used in cooking and drinking water systems and federal law taking effect January 1, 2014 will make the requirements applicable to all states. ®Radel R is a registered trademark of Solvay Advanced Polymers, LLC
