

ULTRA SLIM Facial Recognition Terminal for T&A and Simple Access Control

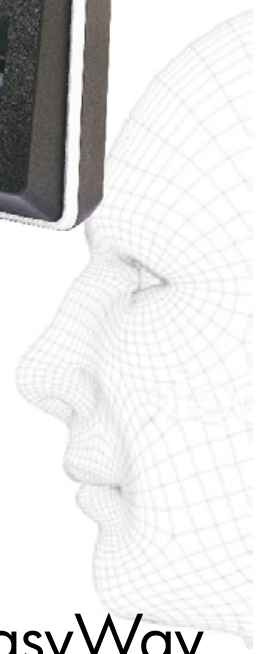

faceAXS Slim blends face biometrics with RFID 125 kHz technology which represents the best choice for time & attendance and access control applications.

Thanks to its small size and its competitive price the device is ideal for people identification in small and medium environments and also for those ones in which hygiene is a critical factor.

Main Advantages

- Industrial leading facial recognition algorithm:
 - ✓ Fast identification - < 1 second 1:N for 300 users
 - ✓ Large capacity - Up to 100,000 records / 300 users
 - ✓ FAR < 0.001% / FRR < 1% / FTE < 0.0001%
- The specialized IR sensor allows the system to work in different light condition
- even in the dark
- Built-in EM 125 kHz RFID reader
- TFT color screen and 4 x 4 touch keypad
- Authentication method: Face, ID+ Face, Card+ Face, Card
- Unique mirror for face positioning
- Contactless authentication for hygienic user experience
- Built-in relay for simple access control
- Flexible interfaces and data management: Standard TCP/IP and USB host
- Accurate, reliable, fast, easy to use, contactless, higyenic, user friendly, slim and ¡EXTREMELY AFFORDABLE!

Technical Specification

| | |
|------------------------------|--|
| Processor | 1 Ghz high speed digital processor |
| Users Capacity | 300 Face users |
| Records Capacity | 100,000 Records |
| Recognition Algorithm | V 3.1 |
| Sensor | Specialized IR sensor |
| Authentication Method | Face, ID + Face, Card + Face, Card |
| Authentication Speed | Less than 1 second (300 Users) on 1:N matching |
| Keyboard | 4*4 Touch keypad |
| LCD | 2.8 inch TFT color screen |
| Card Recognition | Standard 125 kHz EM |
| Communication Method | Standard TCP/IP USB Host |
| Language | Spanish / English |
| Power | 12V DC |
| Working Distance | 30 - 80 cm |
| Operating Temperature | 0°C - 40°C |
| Humidity (Operation) | 20% - 80% |
| Size (W x H x D) | 210* 82* 40.8 mm |
| Weight | 315g |
| Certification | CE, FCC Class A, RoHS |

About EasyWay Biometrics

EasyWay Biometrics is the new brand of innovative fingerprint solutions for Time & Attendance and Access Control needs. Every EasyWay terminal has been designed with international quality standards, combining fashionable design with outstanding performance

EasyWay uses the latest technology to create products that provide a functional solution for customers who need low cost T&A and Access Control solutions.
