

STAINLESS STEEL

**ACTUATORS & VALVE POSITION
INDICATING DEVICES**

Versatile for any Environment

The New UniTorq Stainless Steel A Series Stainless Steel Actuator offers the utmost corrosion solution to your most aggressive actuator environments.

When standard anodized, painted or nickel impregnated actuators will not protect your actuator for its life cycle, UniTorq introduces a complete Stainless Steel rack and pinion actuator to solve industries most demanding applications.

The new Stainless A Series Actuator is available in seven sizes in both Double Acting and Spring Return configurations.

The UniTorq A Series actuator comes standard with ISO 5211 dimensions and Namur accessory mounting and also is offered with the UniTorq Standard 2 year, 2 million cycles in service warranty.
