THE BOLD LOOK
OF **KOHLER**[®]

Toobi™ A Pop Sensation

A fusion of pop culture and Asian-inspired sensibilities, the Toobi faucet collection re-imagines water delivery for the modern bathroom. The design draws inspiration from the playful exuberance of pop and the simplicity of ancient Japanese gardens.

Throughout the collection, curvaceous forms contrast with crisp, polished edges. Each component – lavatory faucet, bath faucet, handshower or one of the accessories – is an original. Toobi allows you to personalize your bathroom with three spout detail options in every box – Green, Black or White. The Toobi faucet collection. Give your home some pop.
