

PRESSURE REGULATOR

5260 : Propane Pressure Regulator

Stepless pressure adjustment from 1.5 to 4 bar.
 French version provided with couplings to NF EN 560.
 4 different international versions, one of them is in accordance with DIN 4811/1.
 Supplied with a swivel coupling.

5

Description	Type	Type of gas	Cylinder coupling	Male hose coupling	Flow rate kg/h	Kg	Ref.
Adjustable 1,5 to 4 bar	NF (France)	Propane	Left Female 21,7 x 1,814	Left M 16 x 1,5	-	0,410	526000
Adjustable 1,5 to 4 bar	A	Propane	Left Female 21,7 x 1,814	Left 3/8"	-	0,410	526001
Fixed 2 bar	For soldering iron	Propane	Left Female 21,7 x 1,814	Left M 16 x 1,5	8	0,350	526010
Fixed 4 bar	For waterproofer's torch	Propane	Left Female 21,7 x 1,814	Left M 16 x 1,5	15	0,350	526020

ELECTRIC SOLDERING MACHINE

5270 : Cobraz® Electric Soldering Machine

Electrically operated (230 V): for safe soldering (**no flame**), without damaging or annealing the copper pipe.
Safe and Easy to use: No flame. No gas.
Immediately operational.

Easy to carry: comes complete with carrying case with space for storing pliers and cables.

Supplied with:

- 2 cylindrical electrodes for the Cobraz 28,
- 2 cylindrical electrodes and 2 prismatic electrodes for the Cobraz 54,
- 1 bottle of Virax Smartflux 250g,
- 1 coil of Ø 2 mm soft braze – 250 g,
- 1 wire brush.

Type	Capacity	Cable m	Secondary voltage V	Current intensity	Power W	Kg	Ref.
Cobraz 28	Soft soldering: Ø 6 - 28 mm	3,00	5,2	10	840	9,930	527022
Cobraz 54	Soft soldering: Ø 6 - 54 mm	4,00	6	16	2200	17,350	527054
