

Awaken[®] showerheads and handshowers are as beautiful as they are powerful with two distinct design options — **Series B** or **Series G**.

Both designs meet WaterSense® criteria for water conservation, saving you money while providing an efficient and thorough showering experience.

The Nature of Force™

Powered by an advanced spray engine, Awaken® showerheads and handshowers deliver the signature experience that sets KOHLER® showering apart at a great price.

Wide Coverage — an encompassing spray great for everyday use.

Intense Drenching* — a forceful, concentrated spray that delivers thorough rinsing.

Targeted* — a focused stream of water delivering one of Kohler's most forceful sprays, perfect for targeting sore muscles.

Reduced-Flow** — a decreased flow rate that meets Americans with Disabilities Act (ADA) standards.

The convenient tab allows you to move smoothly between the sprays and easily locks into place with a push of your thumb.

*Available on multifunction handshowers and showerheads. **Available on B110 and G110 handshowers.

Series B

Taking its inspiration from forms found in nature, Series B coordinates with both transitional and modern faucets and accessories and is available with 90 mm and 110 mm diameter sprayfaces.
