Our smart seats not only deodorize and light up your space, but they also offer a welcome level of enhanced hygiene. Bidet functionality is growing in popularity because of the cleansing, comfort and convenience it brings. Smart seats use the naturally soothing quality of water as a refreshing alternative to toilet tissue alone – providing hygienic, warm-water cleansing.

- Deliver a soothing cleansing with warm water
- Hygienic self-cleaning wands
- Many have personalized and adjustable features such as heated seats, water pressure, temperature, position and dryer settings
