

Zone of alarm indication

One-piece and lightweight design [total weight only 21 lbs]

Ready for immediate use

MSD *Magneto Static Detector*

HIGHLY PORTABLE CELL PHONE DETECTOR

- Detection of all cell phones and other contraband concealed on the person or in body cavities [including keyfob cell phones] with or without batteries
- Multi-Zone targeting indication identifies location of contraband on the body
- Covert operation through use of Bluetooth headset [included]
- Fully weather proof for outdoor use
- 26 hours continuous use on embedded battery operation
- Automatic adjustments offer unmatched detection in all environments
- Extremely durable design
- No assembly required: immediately ready for stand-alone use

The illegal use of cell phones is a growing and dangerous problem in correctional institutions worldwide. These devices are a significant threat to prison security and circumvent the monitoring processes in prisons, while helping inmates commit new crimes both inside and outside the facility.

CEIA MSD was specifically **designed to detect all cell phones and other contraband** concealed **on the person or in body cavities** [including key fob cell phones, smart phones, radio transceivers, etc.] quickly and easily.

Benefits

- Detection of all cell phones and other contraband concealed on the person or in body cavities [including keyfob cell phones] with or without batteries
- Detection of magnets and ferromagnetic metals
- Full-height, 360° detection
- 5 individual zones for pinpointing locations of contraband on the body
- Covert operation through use of Bluetooth headset [included]
- Fully weather proof for outdoor use
- Up to 26 hours continuous battery operation with 4.5 hours charge
- One-piece and lightweight design [total weight only 21 lbs with batteries included] easily transportable by one person
- Automatic adjustments offer unmatched detection in all environments
- Extremely durable design using stainless steel and high impact reinforced plastics
- Anti-tip suction cups for securing to smooth floor surfaces [included]
- No assembly required: immediately ready for stand-alone use
- Non-emitting device: safe for use for pace-makers and other medical implants

- ① High-definition graphic display
- ② Power indicator
- ③ 4-key keypad
- ④ Alarm indicator

Carrying case for personal transport and storage

- Heavy-duty lightweight carry system
- Custom fit to the MSD shape
- Dedicated pocket for accessories
- Space-saving
- Included parts:

Carrying case stores all included parts

- MSD Magneto Static Detector unit
- Installation kit: 4 rubber feet, 6 mm allen key, Test sample
- External AC/DC battery charger adapter
- Carrying case
- Bluetooth headset

The **CEIA MSD** is a one-piece, portable and full-height ferromagnetic detector that **combines high reliability and ergonomics with advanced detection** and operator signaling features.

The one-piece design allows the CEIA MSD **to be easily transported and operational in a very short time.**

Bright multi-color status indicator

GREEN LIGHT

Normal operation, no detection.

YELLOW LIGHT

Warning proportional indication: target detection under the alarm threshold.

RED LIGHT

Alarm indication: target detection over the alarm threshold.

BLUE LIGHT

Autolearn automatic adjustment procedure/connecting Bluetooth device in progress.

COVERT ALARM SIGNALING VIA BLUETOOTH HEADSET

Warning indication for signal under the alarm threshold, with fixed or proportional pitch

Alarm indication for signal over the alarm threshold, with fixed or proportional pitch

Warning and alarm indications adjustable in continuous/pulsed tone and volume

Low battery: double beep

Self-diagnosis alert: intermittent tone

Multi-zone target indication

MSD Specifications

CONTROLS AND INDICATORS	ON/OFF push-button	
	4-key keypad, for programming and status readout	
	Security	<ul style="list-style-type: none"> Programming Access protected by User and Super User password
	Power indicator	<ul style="list-style-type: none"> White lamp
	Alarm indicator	<ul style="list-style-type: none"> Green light: normal operation, no detection Red light: target detection over the alarm threshold / Fault indication Blue light: autolearn procedure/connecting Bluetooth device in progress
	Graphic display	<ul style="list-style-type: none"> Messages during use, programming and self-diagnosis alerts
	Multi-color status indicator	<ul style="list-style-type: none"> Green light: normal operation, no detection Yellow light: proportional target detection under the alarm threshold Red light: <ul style="list-style-type: none"> Continuous light: target detection over the alarm threshold 5 different zone indication Blinking light: fault Blue light: autolearn procedure/connecting Bluetooth device in progress
	Alarm Sounder	<ul style="list-style-type: none"> Alarm indication for target over the alarm threshold, with fixed or proportional pitch Warning and alarm indications adjustable in continuous/pulsed tone and volume Battery low: double beep Self-diagnosis alert: intermittent tone
POWER SUPPLY	AC/DC external power adapter	100 ... 240 V~, 47..63Hz, 40W
	Embedded rechargeable battery	17 h of continuous operation with 3 h battery charge 26 h of continuous operation with 4.5 h battery charge
DETECTOR ENVIRONMENTAL CONDITIONS	Working temperature	14 to 149°F
	Storage temperature	-35 to 158°F
	Relative humidity	0 to 95%, non-condensing
WEIGHT	<ul style="list-style-type: none"> MSD: 21 lbs Carrying case: 1.5 lbs 	<ul style="list-style-type: none"> AC/DC adapter: 1.6 lbs Installation kit: 0.6 lbs
		<ul style="list-style-type: none"> Bluetooth kit: 0.5 lbs (includes battery charger)
MSD DIMENSIONS	Height: 75"	Width: 13"
SHIPPING INFORMATION	Dimensions (WxDxH)	16" x 79" x 19"
	Weight	53 lbs
DETECTOR DEGREE OF PROTECTION	Fully weather proof for outdoor use (IP65)	
AVAILABLE ACCESSORIES	Additional Bluetooth headset: ordering code 70628 (one Bluetooth headset included)	
	MSD-RRU Remote Relay Unit: ordering code MSD-RRU	
	Wall mounting kit: ordering code 67258	
CERTIFICATION AND COMPLIANCE	Non-emitting device: safe for use for pace-makers and other medical implants	
	Compliant and certified to the applicable electromagnetic Standards on Human Exposure and pacemaker safety	
	Compliant with and certified to the applicable International Standards for electrical safety and EMC
