

Basic Value Adder

**An Economical Value Transfer Machine
That Allows the User to Add Value to a MoneyCard with Cash**

The Basic Value Adder (BVA) is ESD's perfect solution when size, simplicity, and price are the major considerations. This straightforward, compact VTM adds value to a SmartCard with cash. It features user friendly graphics and a cabinet that was designed with security as the primary goal. The Basic Value Adder is available as either front or rear access.

This popular VTM can be found in thousands of multi-housing installations where adding value to smart cards with cash is all that is required.

Front Access -11-117-012
Rear Access -11-117- 013

Basic Value Adder Benefits:

- Compact Size**
- Economically Priced**
- Easy to Collect**
- Can be Easily Installed**
