PA11

This portable, battery-powered voice support works in a variety of settings for up to 150 people – conferences and meetings, lecture halls, field trips, tour groups and any indoor/outdoor venues. The belt pack transmitter has a 100' transmission range and stores inside the amplifier for safe keeping when not used.

PA11 \$382.00

PA219 Ultra-Portable PA System

This 20W PA system has a 750' range allowing you to broadcast music or messages so the entire crowd can hear. It includes extras like a wireless mic, USB & SD connections, rechargeable battery, mic & aux inputs for playing audio from other audio sources such as mobile devices. **PA219** \$367.00
