Hyd-A-Way

High Profile Aesthetics & Visibility

Interior armothane coating retains moisture and prevents corrosion.

Optional loading door prop for easier material loading.

Hyd-A-Way is our original BearTight container, bear tested and certified!

Designed to work with existing container footprint.

Galvanneal steel panels and an Axalta powder paint finish ensures a long life, for lower lifecycle costs & total cost of ownership.

Sturdy lightweight door with gravity latch keeps odors in and animals out.

User friendly, low loading height.

Sealed seam design contains liquids.

Clean & Efficient Collection

Unique "No-Touch-to-Dump"TM method maintains container aesthetics.

Innovative vehicle-powered hydraulic arm achieves rapid loading and convenient pick-up points for a highly efficient, low cost operation.

(Leasing options available.)

Hyd-A-Way containers are strategically placed in high volume areas such as restaurants and grocery stores and have proven to substantially increase participation and recovery rates.

The Hyd-A-Way system is an ideal compliment to curbside programs offering convenient drop-off solutions for residents from multi-family dwellings.

Specifications

HL2T

Capacity
3.25 m³ (4.25 yd³)
Lifting Capacity*
1 360 kg (3 000 lbs)
Weight (container)
660 kg (1 450 lbs)

Weight (concrete step)
520 kg (1 150 lbs)
Length
3 050 mm (120 in)
Width (container)
1 850 mm (73 in)

Width (concrete step)
2 120 mm (83-1/2 in)
Height
2 040 mm (80-1/2 in)
Loading Height
930 mm (36 in)

*Designed with organics containment in mind, the 2 cubic yard volume of the HL2 Hyd-A-Way prevents overloading of hydraulic dump cylinder; 4 and 6 cubic yard Hyd-A-Way (HL4 and HL6) containers are not recommended for organics containment applications due to the additional volume capacity.
