CHERRINGTON

SCREENERS BY KÄSSBOHRER

CLEAN YOUR HORSE ARENA OR TRACK

Are rocks “growing” in your arena?

With a Kässbohrer Screener, remove everything larger than the selected screen-hole size in one efficient pass. Interchangeable screens are available in a variety of sizes.

Screeners

Kässbohrer Screeners will remove rocks and other debris from your arena/track all in one pass without the hassle of loading and hauling it to stationary screening plant.

Screen away stones and debris while at the same time loosening, conditioning and grooming your track or arena.

Dangerous stones and debris removed from horse tracks with Kässbohrer Screeners.
