

HOT WATER | Electric Powered | Natural Gas Heated

CLASSIC SERIES

Shown with stainless steel option

Cabinet design: Electric-powered, natural gas/LP-heated

KSP
Kärcher Stocking Program • See Page 8

These natural gas and propane gas units feature German-engineered Kärcher components, including the renowned Kärcher water-cooled electric motor and axial pump. Steam function, electronic ignition, complete trigger shut-off and our proprietary anti-scale system all come standard on these feature-rich models. All are certified to stringent UL and CSA safety standards.

Features

- Water-cooled electric motor
- Complete trigger shut-off
- Kärcher axial pump
- Reliable burner with electronic ignition
- Infinitely variable water pressure, temperature control and soap metering

OPTIONS [Factory Installed]

PART NO.	DESCRIPTION
9.801-019.0	Convert Natural Gas to LP Gas
9.801-040.0*	10-Inch Draft Diverter
9.801-032.0*	Wheel Kit with LP Bottle Rack
9.801-044.0	Stainless Steel Wrap and Cabinet Cover

PART NO.	DESCRIPTION
2.744-008.0*	Remote Kit, Single Station
6.685-195.0*	Chemical solenoid (for use with remote kit)
9.802-633.0	LP Regulator Assembly

* Field installed only

HOT WATER | Electric Powered | Electric Heated

CLASSIC SERIES

Classic design: Portable all-electric hot water

5
YEAR WARRANTY

This Classic Series unit is an electric powered machine that provides electrically-generated heat for those special applications where hot water is required but where gas or oil-fired ignition is prohibited. The 801E is optimal for use in hospitals, food factories, and other areas where indoor emissions present a concern. Models are ETL certified to UL & CSA safety standards.

Features

- No fossil fuel emissions or fumes
- Quiet, clean and user friendly
- 90°F temperature rise under full load; 130°F rise under partial load
- Infinitely variable water pressure, temperature control and soap metering

Model	Order No.	GPM	PSI	HP	Electrical	Amps	Pump	Heated By	Ship Wt

LIBERTY SERIES

Cabinet design: All-electric hot water

7
YEAR WARRANTY

This Liberty Series all-electric hot water pressure washer introduces hot-water tank technology to deliver hot water on demand ideal for indoor cleaning. Water is heated by flowing through a coil inside an 80-gallon water tank. Nine 4500W heating elements generate 138,000 BTU to produce hot water on demand of up to 180°F. Both models are ETL certified.

Features

- Quiet, enviro-clean and user friendly
- Rust-free stainless steel coil enhances high-efficiency heat transfer
- Auto start-stop for on-demand cleaning
- Belt-drive pump with 7-year warranty

Model	Order No.	GPM	PSI	HP	Electrical	Amps	Pump	Ship Wt
