

TOOL PALLETS

All Platt standard size stock tool cases come with molded pallets. The top pallet is always pallet C. The bottom pallet is always B. If these pallets are not appropriate for the user's tools, Platt will substitute the molded pallets of user's preference at no charge, or sewn pallets for a small additional cost.

If you wish to change the pallet(s) in a stock case, simply change the pallet

letter(s) after the case letter, i.e. 600T-KL. (First letter is top pallet, second letter is bottom pallet).

Pallets can be ordered separately by ordering the individual pallet letter. All of our sewn pallets can be furnished as top or bottom pallets. Our urethane pallets are molded with just the right amount of give, but also toughness to be a pleasure to work with. Our sewn pallets have strong

pockets and pouches to hold a wide range of tools and parts.

All outer edges of our pallets are sewn through our heavy backing material to prevent the separation you might have experienced in pallets of lesser quality.

Platt can custom design sewn pallets in a broad range of configurations. Contact Platt for further details,

specific capabilities, and minimum order quantity.

All Platt super-size stock cases come with SGSH pallets. (357T, 349T, 369T, 410TH, 777TH) Super-size pallets are designated with S, in front of the pallet letter, i.e. SE

Clean room pallets available upon request.

Injection Molded

A/B

All-purpose pallets with 27 pockets each. (A) Pallet, if specified as top, includes turnbutton. Bottom pallet (B) comes without turnbutton.

Platt#	Dim.		Options

Additional Pallet Information

The outer edges of Platt sewn pallets are sewn all the way through the heavy backing material and reinforced with rivets to prevent the separation and tearing common in pallets of lesser quality.

Pallets may be ordered without cases. Simply specify the pallet letter.

Platt will custom design pallets for your specific needs. Please contact your local Platt representative or call our customer service department for details. A minimum quantity may apply.
