## B1 Integrated Amplifier

[Print This Page](#)

### OVERVIEW

Designed to deliver a genuinely purist sound at a modest price, the B1 is a rewarding initiation into the pleasures of audio. Cleanly detailed, it delivers power, displays an exciting dynamic range and keeps a firm grip on its extended bass even when under pressure, to offer a level performance commensurate with equipment that costs a great deal more. For an impressive debut system, partner the B1 with MC-1, MC-2 or MC-4 loudspeakers.
