

## Sound Activated Switch K-36

Clap your hands and the light comes on . . . clap again and off it goes. Many other uses. Complete with microphone.

Requires one (1) "9V" battery (part # 590009).

## Resistor Substitution Box K-37

Contains 24 different value resistors from 10Ω to 1MΩ.

## Capacitor Substitution Box K-38

Contains 24 different value capacitors from 100pF to .1μF.

## Love Tester AK-500/K-39

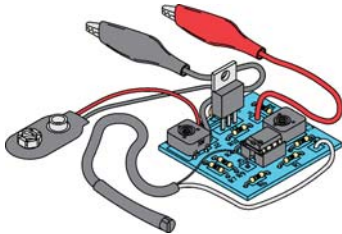

Test your sex appeal with this exciting kit.

Requires one (1) "9V" battery (part # 590009).

## Temperature Adapter K-40/TA-12

Converts any digital multimeter\* into a temperature probe. Range: -20°F to 150°F high accuracy. \*Requires 2VDC range.

## Decision Maker K-43

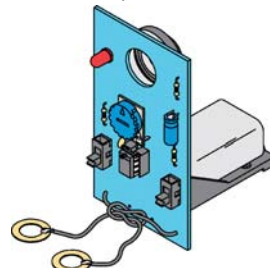

Need help making up your mind? The Decision Maker will do it for you!

Requires one (1) "9V" battery (part # 590009).

## Lie Detector K-44

The sound will tell if you are lying. The sound gets louder the more you lie. Fun at parties!

Requires one (1) "9V" battery (part # 590009).

## Stereo Amplifier K-45

Boost your sound by 12 watts. Use on CD players, tuners, computers, etc. Attractive case included.

## Stereo Pre-Amplifier K-46

Boost your speaker sound with this stereo pre-amp kit. Case included.

## Wireless A/V Sender K-47

Transmit audio/video signals over the air to a receiving TV. It's like having your own mini broadcasting station.

## Photo Sensor K-48

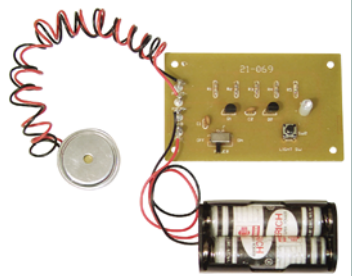

This photo sensor kit uses light to control the relay "on" or "off". Use on appliances up to 300 watts.

Requires one (1) "9V" battery (part # 590009).

## Mosquito Repellent K-49

Keep those hungry little female mosquitoes away with this fun kit.

Requires two (2) "AA" batteries (part # 590001).

## Touch Sensor K-50

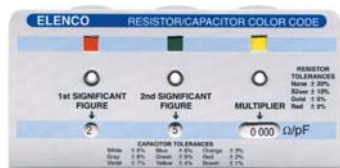

Touch the sensor to control the relay "on" or "off". Use on appliances up to 300 watts.

Requires one (1) "9V" battery (part # 590009).

## Color Code Calculator for resistors, capacitors, and inductors CC-100

Pocket-sized calculator is easy-to-use in determining values of resistors, capacitors, and inductors. Match colors and get a fast reading of values.

## Telephone Line Analyzer TWT-1K

A telephone line analyzer kit that tests active phone lines with RJ-11 or RJ-45 modular jacks.
