

MUSICAL FIDELITY

A2 Class A Integrated Amplifier

 Print This Page

OVERVIEW

The A2 follows on from our classic A1 model and is made in the same mould offering high end audiophile sound quality comparable to the most expensive amplifiers available with only a limitation on absolute power.

FEATURES & BENEFITS

SPECIFICATIONS

Power output	25 watts per channel, 8 Ohms (14 dBW) 50 watts per channel, 4 Ohms
THD	Typically < 0.005% at 1kHz
Frequency response	10Hz - 20kHz + 1dB
Inputs	MM and 5 Line
Input sensitivity	MM 3.5mV 47 kOhm Line 300mV 47 kOhm
S/N ratio	MM > -70dB ?A? weighted Line > -103dB ?A? weighted
Power consumption	180 watts
Dimensions	440 x 95 x 340mm (W x H x D) Height includes feet
Weight	10 kgs
Standard accessories	IEC type mains lead
