

TOOLS & TESTERS

AC Voltage Detector Probe

Model ST-73

Detect AC voltages 120/240VAC without contact. Visual and audible indicators. Excellent for voltage tracing circuits.

AC Line Splitter

Model ST-74

For measuring current in plug-in appliances and air conditioners. Splits two conductor line cord for reading at outlets under load. Permits voltage measurements at outlet under active conditions. Direct and 10X sensitivity.

Ceramic Kevlar® Cutter

Model ST-340

Easily trim the Kevlar® strength member in fiber optic cable. Ceramic blade for long life.

Round Cable Slitting Tool

Model ST-300

Cuts around cable jacket, slits the length of jacket for easy removal. Single or multiple conductor cable from 3/16" to 1" overall diameter. **ST-305:** Same as above, but for 1" to 1 1/2" overall diameter cables.

Economy Crimping Tool

Model ST-560

Multi-function telephone tool crimps, cuts, and strips for 4, 6, and 8 pole modular plugs. Plastic construction. 8" long.

Multi-Purpose Wire Stripper

Model ST-230

Self-adjusting wire stripper. Cuts or strips 12 to 20 gauge wire. Hardened steel blades for long life. Easy grip. 7 1/2" long.

Hex-Type Crimping Tool

Model ST-60

For use on RG-58 and RG-59 connectors. Cushion grip. 9" long.

Round Cable Cutter

Model ST-211

The 100 pair group cutter is rated for ethernet, 100 pair group telephone cable, and RG-174/RG-9 coax. Spring return with safety lock.

Crimping & Cutting Pliers

Model ST-208

For communication electronics. Designed to seat UG, UR and UY.

Multi-Function Wire Stripper

Model ST-302

Cuts, strips RG-58, RG-59, and RG-62. Precision strips 16 to 26 gauge wire.

Circuit Tester

Model ST-37

AC/DC 80-500 volts. Bright neon indicator, pocket clip, insulated case.

AC Receptacle Tester w/ Built-in GFCI Tester

Model ST-38G

UL listed. Gives instant display of wiring conditions of any standard 3-wire 110VAC outlet. Also tests GFCI.

Telephone Line Analyzer

Model TT-400

A telephone line analyzer that provides fast indication of telephone line polarity, ring and line voltage levels. Also indicates condition of phone line from user's telephone to central telephone office and can check basic telephone functions and condition of telephone line cord.
