## IMPORT SERIES HEADPHONES

Audio-Technica's new Import Series offers an exciting selection of audiophile, DJ and portable headphones previously available only in Japan. You'll find full-size circumaural headphones for the audio purist; models designed for the working DJ; incredibly comfortable clip-on headphones for active listeners; great-sounding ear buds especially popular for use with portable players; as well as an innovative fold-up design that can be tucked away in a pocket for use on the go.

Audio-Technica headphones achieve the highest level of sonic accuracy in designs engineered to provide maximum comfort for hours of listening. Benefiting from the accumulation of more than 40 years of Audio-Technica's intensive research and testing, each pair of Import Series headphones brings the latest in electro-acoustic technology to individual audio performance.

Whether you need them for relaxing at home, to take out jogging or into the club, the versatile Import Series headphones deliver durability and comfort, along with the outstanding sonic quality that distinguishes Audio-Technica products around the world.

## ATH-CM7Ti

### TITANIUM EAR-BUD HEADPHONES

- Brushed titanium housing for durability, light weight, and portability
- Element housing rotates for stable, comfortable fit
- 15.5 mm diameter drivers deliver deeper bass, extended treble and higher fidelity, yet remain small enough to fit comfortably inside your ear
- Neodymium magnet for maximum quality
- Extended cord support on ear buds helps prevent tangles, enhances durability
- Gold-plated mini-plug for exceptional corrosion resistance, superb conductivity, low noise
- Includes 0.6 m cable with 1.0 m extension cord and a protective portable wallet pouch

## ATH-CM7 SV

### ALUMINUM EAR-BUD HEADPHONES

- Brushed aluminum alloy housing for durability, light weight, and portability
- Element housing rotates for stable, comfortable fit
- 15.5 mm diameter drivers deliver deeper bass, extended treble and higher fidelity, yet remain small enough to fit comfortably inside your ear
- Neodymium magnet for maximum quality
- Extended cord support on ear buds helps prevent tangles, enhances durability
- Gold-plated mini-plug for exceptional corrosion resistance, superb conductivity, low noise
- Includes 0.6 m cable with 1.0 m extension cord and a protective portable wallet pouch

## ATH-EC7 GM

### EAR-BUD/CLIP-ON HYBRID HEADPHONES

- Lightweight ear-bud/clip-on hybrid headphones
- 3-position adjustable design for a custom fit
- 15.5 mm drivers deliver deep bass, extended treble
- Neodymium magnet for maximum quality
- Gold-plated mini-plug for exceptional corrosion resistance, superb conductivity, low noise
- Includes 0.6 m cable with 1.0 m extension cord and a protective portable wallet pouch

## ATH-EM7 GM

### ADJUSTABLE ALUMINUM CLIP-ON HEADPHONES

- Forged aluminum-alloy housing is exceptionally durable
- Comfortable clip-on design with soft rubber support loops and large ear hangers enables long hours of listening without fatigue
- Earphones swivel open and click into ideal listening position on a sleek vertical hinge
- Each earphone slides into position on a vertical axis for easy adjustment and a truly custom fit
- Impressive 28 mm neodymium magnets project powerful sound
- Includes 0.6 m cable with 1.0 m extension cord and a protective portable wallet pouch

## ATH-EM9r

### ADJUSTABLE ALUMINUM CLIP-ON HEADPHONES

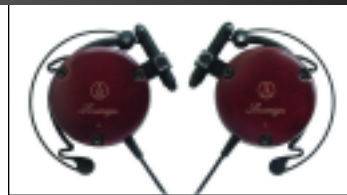

- Machined aluminum housing is exceptionally durable
- Comfortable clip-on design with soft rubber support loops and large ear hangers enables long hours of listening without fatigue
- Earphones swivel open and click into ideal listening position on a sleek vertical hinge
- Each earphone slides into position on a vertical axis for easy adjustment and a truly custom fit
- Impressive 28 mm neodymium magnets project powerful sound
- Includes 0.6 m cable with 1.0 m extension cord and a protective portable wallet pouch

## ATH-EW9

### ADJUSTABLE WOODEN CLIP-ON HEADPHONES

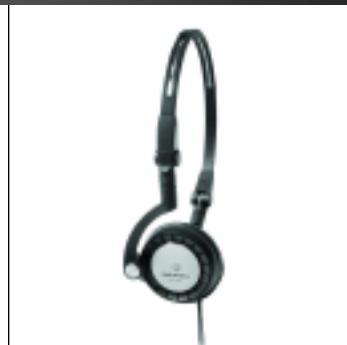

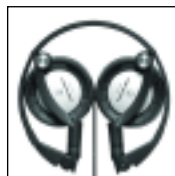

- Wooden housing made of Japan's finest Hokkaido cherry; superior build quality and finish
- Comfortable clip-on design with soft rubber support loops and large ear hangers enables long hours of listening without fatigue
- Earphones swivel open and click into ideal listening position on a sleek vertical hinge
- Each earphone slides into position on a vertical axis for easy adjustment and a truly custom fit
- Impressive 28 mm neodymium magnets project powerful sound
- Includes 0.6 m cable with 1.0 m extension cord and a protective portable wallet pouch

## ATH-ES5 SV

### PORTABLE FOLDING HEADPHONES

- Comfortable design enables long hours of listening without fatigue
- Sleek folding headphones designed for quality and portability
- Impressive 40 mm neodymium magnets project powerful sound
- Each earpiece folds toward the headband for compact storage
- Earpads swivel into optimal listening position
- Lightweight—only 66 grams
- Includes 0.5 m cable with protective carrying pouch
