Cable Distribution “D” Rings

Effective, Economical Method of Managing and Securing Wires and Cables
 Routes and supports cross-connects in distribution cabinets, closets and other areas
 Suitable for Use in Cable Terminals, Ceilings, Floors, Walls, Backboards and Other Surfaces
 Quality Manufactured of Die-Cast Aluminum
 Smooth, rounded D-ring edges prevent damage to insulation and jackets

310-390 Small Cable Distribution “D” Ring
 4⁷/₈” (W) x 2³/₄” (D)
 Opening 1⁷/₈” (W) x 2³/₈” (D)

310-392 Medium Cable Distribution “D” Ring
 6¹/₈” (W) x 3³/₄” (D)
 Opening 3¹/₈” (W) x 3³/₈” (D)

310-394 Large Cable Distribution “D” Ring
 8¹/₈” (W) x 6¹/₈” (D)
 Opening 5¹/₈” (W) x 4⁷/₈” (D)

Connector Crimp Tool

300-575 Telecom Connector Crimp Tool
 Crimps UY, UR and UG splice connectors
 Promotes higher quality crimp and prevents overcrimping damage
 Spring-loaded parallel-closing jaws provide “snap” sound and feel
 Features built-in wire cutter
 Hardened-Steel Construction
 Secure-Grip, Comfortable Insulated Handles
 2⁵/₈” (W) x 7” (H) x 5⁵/₈” (D)

300-575

Punch-Down Tool

300-685 5-Pair 110-Blade Punch-Down Tool
 Impact tool terminates wires on 110 punch-down block
 5-pair head seats up to 10 wires with one motion
 Reversible blade allows cutting/terminating wires or terminating only
 Heavy-Duty, Easy-Grip, No-Slip Handle

300-685 5-Pair, Impact
