Material Code: (G) Polyethylene

## Duo-recycler®

The Duo-Recycler is an efficient, visual reminder for office recycling programs that replaces conventional wastebaskets. The container holds two compartments for easy source separation of trash, plastic, and recyclable office paper. The Duo-Recycler footprint is approximately that of a standard waste basket.

## Duo-recycler® Benefits

- 100% recyclable molded polyethylene & ABS
- Reduces contamination of recyclables at source
- Compact design

## Curbsider®

Designed for residential/municipal curbside recycling programs, the Curbsider is rugged enough for all environments. Excellent for programs that focus on glass, paper, and plastic. Available in up to 100% recycled material to meet a wide range of recycling program specifications

## Options

- Model # MS400 Can Insert Kit
- Model # MS401 Security Hasp
- Model # MS402 Paper Slot

# Self-dumping Hoppers

## Options:

- 6" Caster wheels of molded rubber on cast iron wheels allow unit to be moved manually
- Custom markings can be stenciled on container sides
- Hinged molded lids available for most models
- Hopper available in USDA/FDA approved materials upon request

## Self-dumping Hopper Specifications

\*with Casters

Self-Dumping hoppers simplify loading, moving, and unloading bulk items and waste. Efficient design allows one operator to load and move filled hopper to desired location for processing. Molded polyethylene, hinged container lids are available for applications that require higher level of dust control or sanitation. Frame is painted black, bodies available in gray, blue or red.

## Features:

- Welded frames are painted for additional durability
- Large hopper sizes include tubular wraparound sidebar rails for additional support
- Self-dumping hoppers are forklift compatible and can be emptied by one person
- Hopper bodies are molded polyethylene with uniform wall thickness, durability, and smooth interiors
- Easy to clean
- Resist most chemical damage

Beverage can insert

Locking lid for sensitive document disposal

Optional Casters

Hinged Lid

Manually Operated Latch

Solid Steel Pivot Frame
