

HTB SPEAKER FOUNDATIONS™

Designed for today's home theater surround systems Sanus' HTB Speaker Foundations™ line blends seamlessly into any home theater setting. Combining the **modern look** of contoured glass or steel with a sleek black or silver finish, these stands will support today's satellite speakers with style. And with features like **concealed wire paths**, **adjustable height** and **two foot options**, audio enthusiasts can display and position their systems perfectly for the optimum listening experience.

« Includes brackets and top plates to fit most small speakers

« Adjustable height allows speakers to be placed at optimum listening level

« QuickMount™ adapter for speakers with keyholes on back

« Concealed wire path hides cables from view for a clean and organized appearance

« Three different design options are available to suit any satellite speaker and home decor need

« Easy assembly can be completed in minutes with just a Phillips screwdriver
