

Contemporary design and rigid construction come together to create strength and beauty. The Natural AV Foundations™ line from Sanus Systems is elegant. It's contemporary. And it's functional. When designing Natural Furniture, Sanus set out to create an element of lasting beauty. But the real beauty is in the engineering. Solid Grade A hardwood, extra-thick tempered glass and rigid steel pillars provide incredible strength. With a full complement of accessory pieces, it's easy to decorate an entire room.

NF213B | NF249

- « Concealed wire path keeps even the largest cables hidden
- « Open architecture allows unrestricted airflow for cooling
- « Beautiful natural hardwood with contrasting steel pillars provide a strong support
- « Rear top shelf corners are angled, allowing furniture to fit tightly into corners
