

CD / DVD DUPLICATORS

CD-D13

Specifications

The TASCAM CD-D13U is a simple stand alone 1X3 duplicator utilizing a 52x, reliable TEAC drive. Simple to use, the CD-D13U can duplicate a single master CD to CD-R media at up to 52x speeds, resulting in an exact replica of a 700MB disc in just over three minutes. Disc to CD-RW media can be duplicated at speeds up to 32 X.

The CD-D13U is designed to copy quickly and accurately and is built to last making it the industry leader for critical professional settings.
