

NEC IW77

Interactive whiteboard ideal for educational environments

Revolutionize the classroom by getting students more involved with day-to-day materials. By utilizing a PC or Mac and a projector, the power of this teaching tool will increase students' attention and retention.

FEATURES AND FUNCTIONS

- **Complete compatibility.** Works with any NEC projector.
- **Annotation tools** include pen, shapes, highlighter, eraser, redo/undo and save buttons allowing users to create endless possibilities on the screen. Teach everything from handwriting to music all on the board and be able to save files for students to take home.
- **Web collaboration.** Broadcast and share material over an intranet or the Internet. The host broadcasts the material over a network and participants log in to see notes and annotations in real-time.
- **Mouse functionality** allows the user to control the desktop from the board with the included stylus pen. Open files, browse the Internet and much more.
- **Present almost instantly.** PowerPoint button brings up a File > Open window that allows the user to quickly open up PowerPoint files in Slideshow mode.
- **Three different interactive tools** to choose from:
 - **SCRAPBOOK application.** The scrapbook turns the image on the whiteboard surface into a digital workspace. Multiple tools within the application allow the user to record notes digitally, import screen shots and other files as background images, save scrapbook files and use layers to hide and show elements of a page
 - **Desktop palette.** Allows quick selection of major functions including annotation, pop-up keyboard.
 - **PowerPoint palette.** Allows annotation and navigation from slide presentations.
- **Durable surface.** Specially researched and developed porcelain enamel skin from Alfher Porcewol combine to withstand almost any common usage damage to the surface.

* WRITING SURFACE DIMENSIONS

The IW77's easy buttons allow for quick access to printing, calibrating and opening a new page.

The digital stylus puts the power of interactivity right in your hand.

The eBeam sensor receives coordinates from the stylus, driving the IW77's interactive functionality.

Specifications for IW77

Display Aspect Ratio	4:3
Inputs	Infrared and ultrasonic
Computer Interface	USB 2.0
Screen Size	
Diagonal	77 in. / 1956mm
W x H	61.6 x 46.2 in. / 1565 x 1174mm
Positional Accuracy	+/- 1.5mm
MECHANICAL	
Overall Dimensions (W x H x D)	74 x 48 x 2 in. / 1848 x 1219 x 50.8mm
Weight	
Net	63 lbs.
Gross	77 lbs.
ENVIRONMENTAL	
Operating Temperature	16 - 32°C
Humidity	40 - 70%
BUNDLED SOFTWARE*	
	Interactive software providing organization for gathering, preparing, presenting and sharing computer content. Handwriting recognition provided via Microsoft Office software
MINIMUM SYSTEM REQUIREMENTS	
Windows	Pentium IV, 512MB RAM, 20 MB available HD space; Windows XP, 2000, 2003, Vista, and Tablet PC
Macintosh	Mac OS X 10.4 and higher Available USB port
WARRANTY	
	Two-year limited warranty on hardware and software
IN THE BOX	
	Interactive whiteboard, interactive stylus pen and battery, NEC interact software CD-ROM, mounting bracket and hardware, Quick Reference Guide and Install Guide
ACCESSORIES	
IWSTYLUS	Replacement stylus
IWSTAND	Portable whiteboard stand

* Macintosh software available for download at www.necedisplay.com

INTERACTIVE TECHNOLOGY ENABLES CONTROL OF COMPUTER AND COURSE CONTENT

INVOLVES STUDENTS IN SUBJECT MATTER PROMOTING INCREASED SUBJECT RETENTION

NEW PROJECTS AND EDITS TO EXISTING MATERIALS CAN BE SAVED FOR FUTURE REVIEW

WHITEBOARD INCLUDES MOUNTING HARDWARE, INTERACTIVE DIGITAL STYLUS AND SOFTWARE
