

# Retrofit Light Kits

## LIGHT KITS

Weldon is now offering LIGHTING KITS specifically designed for fire and rescue apparatus. Weldon LEDs replace most incandescent and halogen lamps making it easy to upgrade the vehicle. These LIGHTING KITS provide all the necessary parts to make the retrofit simple and hassle-free.

### LIGHTING KIT FEATURES:

- Long life
- Unsurpassed light output
- Sealed lamps, no moisture or dirt issues
- Superior visibility in poor weather conditions
- Instant-on lighting
- Low amp draw
- Virtually maintenance free

### **7" LED Stop/Tail/Turn**

These lamps are a direct replacement to Weldon's 1000/1010 lamp assemblies commonly used in the fire industry. These KITS will provide a clean, new look for your older apparatus. KITS include lamp, connectors, mounting pads and complete installation instructions. Your choice of LEDs, Good and Best – you can't go wrong!

- Advanced optics
- Silicon bonded lens and housing
- Integral sealed connector
- 5 year warranty

1010-8110-1K	2 LED Stop and Tail Lamps, Red
1010-8110-2K	2 LED Turn Lamps, Amber
1010-8110-CK	4 LED Combination Lamps, 2 Red and 2 Amber

### Standard Upgrade Package: 9186-5585, 9186-5586 SERIES

- Minimized enclosure design
- Fully encapsulated electronics
- Reflector on 9186-5586
- 2 year warranty

9186-5585-1K	2 LED Stop and Tail Lamps, Red
9186-5585-2K	2 LED Turn Lamps, Amber
9186-5585-CK	4 LED Combination Lamps, 2 Red and 2 Amber

## 4" LED Stop/Tail/Backup

Standard 4" round grommet mount lamps used throughout heavy-truck industry. Direct replacement for 4" grommet mount incandescent. Inexpensive upgrade for Fire/Rescue and many other markets. Lamps utilize Amp Super-seal connector. Kits include lamp sets, grommets, connectors, and instructions. Small in size yet high in light output!

- 2 year warranty

### Two Lamp Kit

9186-5525-1K	2 LED Stop and Tail Lamps, Red
9186-5525-2K	2 LED Park/Turn Lamps, Amber
9186-5526-3K	2 LED Backup Lamps or Compartment / Underbody Lights, Clear

### Four Lamp Kit

9186-5525-CK	2 LED Stop and Tail Lamps, Red
	2 LED Park/Turn Lamps, Amber

### Six Lamp Kit

9186-5525-TK	2 LED Stop and Tail Lamps, Red
	2 LED Turn Lamps, Amber
	2 LED Backup Lamps, White

## TRI CLUSTER ASSEMBLY UPGRADE, 3"x7" or 4"x6" LED LAMPS

Give that incandescent and halogen assembly a new look with LEDs! Meets SAE J1455 environment tests. Maintains output intensity from 12-36V with an operating voltage range of 10-36 VDC. The KIT includes LED lamps, connectors, splices and mounting screws.

- 5 year warranty

### 3"x7" LAMPS

3884-LR2K	2 LED Stop and Tail Lamps, Red
3884-LA2K	2 LED Sequential Turn Lamps, Amber
3884-LC2K	2 LED Backup Lamps, White

### 4"x6" LAMPS

4684-LR2K	2 LED Stop and Tail Lamps, Red
4684-LA2K	2 LED Sequential Turn Lamps, Amber
4684-LC2K	2 LED BackUp Lamps, White
4670-1000-1K	NFPA Lower Zone A <ul style="list-style-type: none"> <li>• 4"x6" Lamps are commonly used in the front grill of fire apparatus</li> <li>• Fits panel mount, bezel mount, and head lamp bucket.</li> <li>• Direct replacement for competitive 4"x6" lamps</li> </ul>

LED WARNING LAMPS ARE AVAILABLE FOR UPGRADING YOUR QUAD CLUSTER ASSEMBLY! ASK OUR REPRESENTATIVE ABOUT OUR 4"x6" HEAD LAMP MOUNT LAMPS.

## HID SCENE LAMPS

Weldon's HID scene lamps are rated to last 15 times longer than traditional halogen lamps while drawing less current. These lamps fit into existing body cutouts and uses a standard electrical connection. Kits include lamps with chrome bezels, wiring and instructions.

- 2 year warranty

### FEATURES:

- Truer daylight illumination
- Less current – more light output
- Works off 12V systems
- 35W HID versus 50W halogen
- Available in 3"x7", 4"x6", 7"x9"

3862-0000-3K	2 HID 3"x7" Lamps, Clear
4662-0000-3K	2 HID 4"x6" Lamps, Clear
7862-0000-3K	2 HID 7"x9" Lamps, Clear
