Card & Multimedia Storage

Heavy Duty Construction

All welded construction. Six channel uprights provide the basis for an exceptionally stable frame.

Drawers Stay Shut

Positive locking thumb latches ensure that drawers stay closed until you're ready to open them.

Sliding Compressors

Sliding compressors keep materials upright and organized for easy access.

Quiet, Effortless Movement

Drawers glide on heavy duty, full progressive, ball bearing suspensions.

Solid Foundation

Base has a fully welded, enclosed bottom to keep the unit structurally aligned even when fully loaded.

Gang Locking of Drawers

Plunger style lock secures all drawers simultaneously.

Full Drawer Access

All drawers extend completely for total access to each drawer's contents.

Stores More Than Just Cards

Versatile drawer sizes offer secure storage for almost anything, including paper documents, computer media, CDs, videotapes—you name it!

Organize Your Materials

Dual label holders accommodate large cards for easy identification of contents.

Large Handle for Easy Opening

Large, brushed aluminum handle makes it a snap to open the largest or fullest drawer.

Card Files

Tennsco Card Files are your storage solution to a wide variety of non-traditional sized media.

Card Files can handle almost anything from paper cards to microfiche all the way to magnetic computer media. You'll find a size that meets your application's requirement with the durability and functionality you've come to expect from all Tennsco products.

Diversified Storage Capability

Drawers are designed to safely hold a wide variety of material. Tennsco Card Files give you the most flexibility whether your needs are storing one type of media or a mix. Drawers extend full length, providing easy access to items stored at the back of the drawers. Choose from three different size drawers that offer materials a secure and dust-free environment.

Secured Drawer Contents with Adjustability

Drawers can be made inaccessible through an integrated keyed gang-lock, preventing unauthorized access to valuable or sensitive information. Adjustable dividers keep contents neat, upright and easily accessible. Drawers are 26⁷/₁₆" deep, offering plenty of storage space.

Literature Sorter

Durable Construction

All steel, all welded construction provides years of reliable use. Many look-a-like products use hardboard or cardboard, offering a limited life-span.

Combine Units

Knockouts on sides, top and bottom allow units to be joined top-to-bottom, side-to-side, or back-to-back. Also can be joined to 30-Drawer Organizers. (See page 4)

Twenty-one Slot Openings

Ample sized openings for material storage and easy access. Packages of five extra trays are available as an accessory item.

Easy Access and Indexing Area

Angled front allows users to easily grasp material from the bottom while providing an indexing area.

Stackable

Knockouts on top, sides and back for tying units together in top-to-bottom, side-to-side or back-to-back configurations.

Adjustable Slot Openings

Removable trays can be adjusted to make openings bigger or smaller. Trays adjust on 1½" centers.

No Assembly Required

Just take it out of the box and it's ready-to-use. No annoying bolts or fasteners required for assembly.

Raised Base

Offers protection by keeping materials raised up from floor level.

Literature Sorters

Tennsco Literature Sorters offer the ultimate in organization and access to company materials, internal documents, forms and paper supplies. They're also great for sorting and distributing incoming mail such as magazines, envelopes, etc.

Literature Sorters may be used individually or stacked on top of each other to meet your specific requirements. Tennsco Literature Sorters are constructed entirely of steel, assuring an outstanding value and years of use.

Stackable Units

Literature Sorters can be stacked on top of each other and/or attached side-to-side or back-to-back to meet your exact storage needs. For even greater versatility, Tennsco's Thirty Drawer Organizers can be integrated with Literature Sorters.

Versatile Filing

Tennsco Literature Sorters can be custom designed to your specific applications. Simply rearrange shelves without tools to fit the material you need to organize— not the other way around.
