

Clean Room Seating

Lyon Clean Room Seating has all the features and construction of other ergonomic seating, only it is specifically designed for the demands of a clean room environment. The self-skinning microcellular seats and backs prevent dirt from penetrating into the foam, ideal for controlled environments. Prepared for shipment per Federal Standard 209B specifications. Also meets all Class 10 requirements.

Technical/Ergonomic Features

- Total seat height adjustment 19" to 27". Pneumatic lift allows for automatic 8" adjustment while seated.
- Microcellular, self-skinning polyurethane backrest and seat provides exceptional durability and long-term support and are twice as soft and strong (tear resistant).
- Seat and back ergonomically designed to promote good posture. Waterfall front to ease pressure behind the knees. Contoured back with tilt for lumbar support.
- Adjustable extra large 20" diameter circular footring
- Chairs feature a five-leg 24" diameter base of polished aluminum.
- ESD glides reduce dirt build-up.
- 250 lb. capacity.

Deluxe Multi-Function is Lyon's exclusive seat control that adjusts seat tilt 8° and backrest angle 20° with independent levers. Backrest height also adjusts 4" up or down with secure positive-stop latch.

Standard Clean Room Chair

- Padded self-skinning foam seat 16½" w x 16½" d.
- Backrest 14¾" w x 8¾" h.
- Backrest depth adjusts 3".
- Adjustable extra large 20" diameter circular footring.
