

# 5010

Faucets and Valves

## FEATURES & BENEFITS

### Bubbler Valve

Polished chrome-plated brass cartridge valve which allows for top access stream adjustment as well as cartridge and strainer access, and is designed with a shielded, anti-squirt orifice that provides a steady sanitary source of water.

## OPTIONS

- ❑ Repair Kit: Model VRK5010, valve repair kit that includes the cartridge assembly, screen and washer.

## SPECIFICATIONS

Model 5010 is a polished chrome-plated lead-free brass push button bubbler valve with pressure compensating adjustable stream regulation and shielded sanitary nozzle design.

## APPLICATIONS

Perfect for either public or private indoor settings, the 5010 is a great fit in areas where a sink is present. Specifically, this type of vertically mounted drinking faucet may be placed in settings such as: school classrooms, laboratories, and other facilities where the need for a deck mounted sink/faucet is present.

# 5017LF

Faucets and Valves

## FEATURES & BENEFITS

### Bubbler Valve

Polished chrome-plated brass cartridge valve which allows for top access stream adjustment as well as cartridge and strainer access, and is designed with a shielded, anti-squirt orifice that provides a steady sanitary source of water.

### Quality

Bubbler is pre-built and fully water and pressure tested to ensure no leaks and proper function for reduced installation time and added peace of mind.

## OPTIONS

No options available for this model.

## SPECIFICATIONS

Model 5017LF deck mounted bubbler valve shall include a polished chrome-plated brass base with integral cartridge valve with stream flow regulation, polished chrome-plated brass bubbler head, and 1/2" O.D. slip-joint inlet.

## APPLICATIONS

Perfect for either public or private indoor settings, the 5017LF is a great fit in areas where a countertop is in close proximity to a sink/bowl. Specifically, this type of deck mounted drinking faucet may be placed in settings such as: schools, classrooms, laboratories, and other facilities where the need for a deck mounted sink/faucet is present.

# 5051LF

Faucets and Valves

## FEATURES & BENEFITS

### Quality

Bubbler is pre-built and fully water and pressure tested to ensure no leaks and proper function for reduced installation time and added peace of mind.

### Bubbler Head

Polished chrome-plated brass bubbler head is equipped with a shielded, anti-squirt orifice that provides a steady sanitary source of water.

### Valve

Polished chrome-plated, lead-free brass, lever handle self-closing valve features screwdriver adjustment stream control.

## OPTIONS

- ❑ Repair Kit: Model 5800VRKT valve repair kit contains a bearing set, gland packing, spring washer, spring, renew seat, seat washer, seat o-ring, bonnet washers and bottom cap washer. For repair of many lever handle valves. Used on models from 2005 and newer.

## SPECIFICATIONS

Model 5051LF deck mounted bubbler valve shall include a polished chrome-plated brass lever handle valve with adjustable stream capabilities, polished chrome-plated brass bubbler head, polished chrome-plated brass deck flange, and 1/2" O.D. slip-joint inlet.

## APPLICATIONS

Specifically, this type of deck mounted drinking faucet may be placed in settings such as: schools, classrooms, laboratories, and other facilities where the need for a deck mounted sink/faucet is present.

# 5054EG

Faucets and Valves

## FEATURES & BENEFITS

### Bubbler head

Patented (Pat.# 7,025,282) EnviroGard™ polished chrome-plated brass bubbler head provides sanitary service in the worst of conditions. The stainless steel shroud covers the orifice surface until the water is activated, and covers it again after use.

### Quality

Bubbler is pre-built and fully water and pressure tested to ensure no leaks and proper function for reduced installation time and added peace of mind.

### Construction

This lead-free heavy-duty, forged brass head incorporates a .5 gpm flow control and a 3/8" basin shank, and is covered by a polished stainless steel cover.

\*Sink, Utility Faucet and Spacer Sold Separately.

## OPTIONS

- Repair Kit: Model 5800VRKT valve repair kit contains a bearing set, gland packing, spring washer, spring, renew seat, seat washer, seat o-ring, bonnet washers and bottom cap washer. For repair of many lever handle valves. Used on models from 2005 and newer.

## SPECIFICATIONS

Model 5054EG is a polished, chrome-plated lever handle bubbler valve, self-contained with integral stream flow regulation; integral chrome-plated brass basin shank; 1/2" O.D. slip joint supply, EnviroGard™ bubbler with water activated stainless steel canopy designed to provide enduring, sanitary service. When installed properly, this drinking faucet meets the requirements of the Americans with Disabilities Act. It requires less than 5 pounds push to operate. Vandal-resistant pins prevent turning of fixture. Designed for deck or sink mounting. Dimensions: bottom of flange to bubbler orifice, 3-1/8"; shank diameter 13/16".

## APPLICATIONS

Perfect for either public or private indoor or outdoor settings, the 5054EG is a great fit in areas where the bubbler orifice should be protected from airborne spray such as non-potable sources as irrigation sprinklers and other human induced contaminants. Specifically, this type of deck mounted drinking faucet may be placed in settings such as: school laboratories, parks, golf courses, and other facilities where the need for protection from airborne contaminants are present.
