

Smoking Receptacles

When steel is preferred, choose Heavy Duty Butt Cans

Justrite's rugged steel Heavy-Duty Butt Cans are easily positioned near entryways to encourage proper cigarette disposal. Only 11-1/2" (292mm) in diameter, these slim styled receptacles take up minimal space while offering a safe, convenient way to keep unsightly butt litter out of view. Base and neck tube are made of durable, fire-safe galvanized steel and are finished in a tough powder coat paint for rust resistance. Polyethylene topper keeps rain out and identifies unit for cigarettes only.

To empty contents, simply untwist compression nut where neck tube meets the base ...no separate screws to lose! Heavy Duty Butt Cans are available in two sizes; 2-1/2 gallon (9L) for light smoking traffic areas and larger 5-gallon (19L) capacity that extends emptying cycle. ADA compliant height.

Polyethylene topper with rain bonnet design keeps rain out and features molded-in graphics for cigarette butt disposal.

Just drop in a lit cigarette butt! The self-extinguishing design offers maximum convenience and reduces the risk of fire.

Durable, fire-safe galvanized steel base and neck tube finished in a tough powder coat paint.

Simply twist open at base top to empty contents.

Compact 11 1/2" (292mm) diameter makes it ideal for areas where space is at a premium.

Perfect for:

- Loading docks
- Backdoor entrances
- Stoops
- Gangways
- Alleyways
- Smoking courtyards
- Strip malls
- Factories
- Service and repair shops
