

# Reliable, Quality Hand-Held Lights for Professionals

## Mag Flashlights

Designed for professional use, Mag flashlights are state-of-the-art and built to last a lifetime. The exclusive cam-driven beam changes from spot to flood with a turn of the head to give you a perfectly focused beam with a superior quality krypton lamp. What's more, a second spare lamp is included in the end cap of every flashlight. A patented, self-cleaning switch gives you the peace of mind it will work every time. Made of anodized aircraft aluminum, it is almost indestructible and is highly corrosion-resistant. Get a quality Mag-Light at a Darley price. *Batteries not included.*
