SAFETY VESTS

SVSOF   **SVSOF-LY**

ANSI vests are available in Orange and Lime Fluorescent colors. Please specify color when ordering.

1ANSI

2ANSI   **3ANSI**

SVSOF & SVSOF-LY

Our Soft Mesh Material Vests are made of fluorescent polyester material. SVSOF-LY has strips of 3M™ Scotchlite™ Reflective Material for added visibility. Soft mesh provides T-shirt-like comfort and is easy to fold for storage. Please specify green or orange fluorescent color.
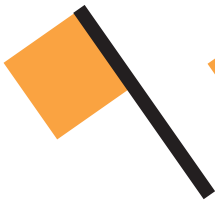

ANSI / ISEA 107-99 VESTS

Vests meet ANSI specs for greater visibility. All 3 classes are available in either Fluorescent Orange with lime stripes or Fluorescent Green with silver stripes. Made of 100% polyester with velcro front closure.
1ANSI has two 2" horizontal stripes of reflective material for the lowest level of visibility. **2ANSI** Our most popular style with one horizontal and two vertical 2" stripes of reflective material for higher visibility. **3ANSI** Highest level of visibility with two vertical and two horizontal 2" stripes of reflective material.

SEE PRICE LIST FOR AVAILABLE SIZES

PADDLE SIGNS

STOP   **SLOW**

Paddle Signs (Stop/Stop and Stop/Slow) are made of lightweight, weatherproof material. They are 18" in diameter and come supplied with a 6" wooden handle.

Our **Stop/Slow** signs are also available in 24" diameter aluminum, both reflective and non-reflective. They come supplied with a 60" wooden handle.

Cat. No.	Legend	Size	Material
PS-STP-18	Stop/Stop	18" diam.	.100 PVC
PS-SLW-18	Stop/Slow	18" diam.	.100 PVC
PS-SLW-24A	Stop/Slow	24" diam.	.063 Alum.
PS-SLW-24A-R	Stop/Slow	24" diam.	.063 Reflective Alum.

OVERSIZE & WIDE LOAD BANNERS

WIDE LOAD   **OVERSIZE LOAD**

WL-1896   8' x 18"   **OSL-1896**   8' x 18"

MARKING FLAGS & PENNANTS

MARKING FLAGS

Reusable flags to mark sites, roads, utility lines & more! Available colors are: Red, Yellow, White, Orange, Blue & Green. Sold 100 per package. Custom printed messages are available.

| Cat. #	Flag Size	Stake Length
SGMF-1	2$\frac{1}{2}$" x 3$\frac{1}{2}$"	15"
SGMF-2	4" x 5"	21"

PENNANT LINES

Ideal for any place you want high visibility. Pennants are 9" wide x 12" high x 60' long. Custom printed messages are available.

Cat. #	Color
SGPL-1	Multi
SGPL-2	Red Only
SGPL-3	Yellow Only

TRAFFIC CONES, COLLARS & ADAPTERS
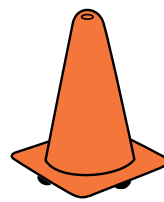

Fluorescent Safety Traffic Cones are highly visible and meet MUTCD (Manual on Uniform Traffic Control Devices) standards. The sturdy rubber base (for underslung center of gravity) combines with a "slim line" construction to help decrease wind lift, making it one of the most stable cones available.
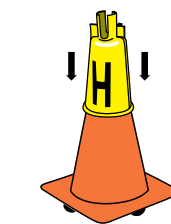

Cat. #	Size	Weight
FTC-18	18" high, 11" square base	3 lbs.
FTC-28	28" high, 15" square base	7 lbs.

3" - 4"
6" Collar
Min. 2"
4" Collar
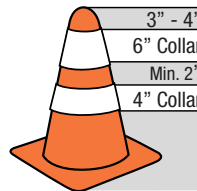

High-tack adhesive-backed collars are made of durable and flexible UV-stabilized polyester sheeting. Extremely bright and highly visible collars comply with FHA requirements.
Note: 18" cone uses the 6" collar only.

Cat. #	Size
RC-4	4" for FTC-28
RC-6	6" for FTC-18 & FTC-28

This adapter fits most common traffic cones. It is designed to accommodate signs, flags and lights. Can also be used to interconnect barricade tape or rope from cone to cone.

Cat. #	Description
TCA	Traffic Cone Adapter

DELINEATOR POSTS

42" Post has two 3" reflective collars and a 12 lb. octagon base. Movable.

Catalog #	Description
DP+B	42" Post with 12 lb. Base
DP-42	42" Post
DB-12	12 lb. Base
