## Protective Hoods That Go On Easy & Seal Tight

### Meets NFPA Standards (1971-2000 Edition)

Features easy-sealing face opening that fits snugly for maximum protection and keeps its shape even after repeated usage; elastic face opening stretches to 15" for easier donning. Flat seams won't dig and seamless chin area provides for added comfort. Full 13" double layer head for better face and neck protection. Double 8" back and front bib keeps hood from coming untucked. One size fits all. Ship. wt. 1 lb.

## CarbonKnight Hood

With a TPP rating of ~37.4, Carbon Knight hoods have the highest TPP rating on the market - that is 87% higher than the NFPA requirement of 20! Manufactured with a double layer of black thermal knit material, CarbonKnight hoods are wider than the competition, which allows for superior air circulation. CarbonKnight is a tri-blend composition with added Kevlar for superior strength and durability.

Ship. wt. 1 lb.

- ▶ TPP rating of 37.4
- ▶ Meets 18" NFPA minimum requirement

### Color: Black
