

# Manhole Entry System

Combines the advantages of the Quick-Couple™ canister and the Manhole Entry System.

- ▶ Quick-Couple™ Canister with 5' and 15' duct plus duct coupler
- ▶ Manhole entry device
- ▶ Universal mount
- ▶ 90° elbow
- ▶ Blower

### Saddle Vent™ System, Color: Yellow

|              |  |            |
|--------------|--|------------|
| <b>BD052</b> | Manhole Entry System   | \$1,402.95 |
| <b>AS281</b> | 8" 1/2 HP Blower-Exhauster 115V                                  | \$382.95   |
| <b>BD053</b> | Quick-Couple™ Canister, 2 pcs, 8" duct (5' & 15') & Duct Coupler | \$388.95   |
| <b>BD054</b> | Manhole Entry Device   | \$443.95   |
| <b>BD055</b> | 90° Elbow  | \$108.95   |
| <b>BD056</b> | Universal Mount  | \$80.95    |

### Confined Space Manhole Entry System, Color: Black

|              |  |            |
|--------------|--|------------|
| <b>BD059</b> | Manhole Entry System (Hazardous Locations) 115VAC Powered Blower         | \$2,867.95 |
| <b>BA001</b> | 8" 1/2 HP Blower-Exhauster (Hazardous Locations) 115V-No Plug-No Adapter | \$1,302.95 |
| <b>BD060</b> | Quick Couple Long Canister, 2 pcs, (8) Conductive Duct                   | \$783.95   |
| <b>BD061</b> | Conductive Manhole Entry Device  | \$549.95   |
| <b>BD062</b> | Saddle Vent 90° Elbow  | \$153.95   |
| <b>BD056</b> | Saddle Vent Universal Mount  | \$80.95    |

# In-Line Heater System

**Hot** - Because it's designed and built by RAMFAN specifically to work inline with the Turbo Blower to generate warm, clean air for portable tents and confined space. Indirect-fired. No CO!

**Hotter** - Because it produces 70,000 BTU's (5,000 more than the others) and it's available in 2 kit types: For confined spaces - Turbo Blower, the Heater and our Quick-Couple™ Canister with a choice of 15' or 25' of duct. For tents: Turbo Blower, the heater, 15' duct and duct storage bag

**Hottest** - In portability, durability and heat-ability because it's a Total RAMFAN In-Line Heating System that offers fast and easy set-up, outstanding performance and new, value pricing, too.

- ▶ 70,000 BTU's output up to 10 hours of heat from standard (20 lb.) propane tank
- ▶ Systems include regulator assembly for propane tank connection
- ▶ Heater weight: 32 lbs.

|              |   |            |
|--------------|---|------------|
| <b>BD063</b> | In-Line Heater System   | \$3,023.95 |
| <b>AS282</b> | 8" 1/3 HP Blower-Exhauster 115V Included Quick-Coupler Canister with 25' Duct | \$643.95   |
| <b>BD065</b> | 70,000 BTU Propane Heater-No Tank-Use with <b>BD066</b> (Includes Regulator)  | \$2,483.95 |
| <b>BD066</b> | Propane Regulator and 12' Hose Assembly for use with <b>BD065</b>             | \$128.95   |

# 8" BLOWER/EXHAUSTER

RAMFAN has combined high performance turbo fan design with high strength polymers to create a line of rugged, portable turbo blowers that are ideal for rescue, confined space and hazardous ventilation and deliver the highest airflow in their class. The double-wall, polyethylene casing is lightweight, corrosion and chemical-resistant and handles the bumps and falls of rescue operations. When conditions become dangerous, the tough, conductive housing adds static dissipation to its properties.

## Quick-Couple™ Reversible Canister

Detachable in seconds, the Quick-Couple™ Canister with attached duct conveniently reverses from discharge to suction, making use and storage easier while protecting duct from rips and tears. Available with 15ft/4.6m or 25ft/7.6m of duct. Quick-Couple™ Canister is compatible with UB20 Manhole Entry System, high or low pressure misting system.
