A. Pick and Flat Head Fire Axes

Twice As Hard As Regular Axes

The pick head axe is far superior to any other axe on the market. The head of the axe is made from high-grade tool steel, and then heat-treated, making the entire head twice as hard as a regular axe. This axe will cut through 16 penny nails and stay razor sharp. The head of the axe has a mirror polish (not chrome). This allows for quick, easy cleaning of the tool and it will look good. It has a 5" pick (twice as long as all others). The axes also have a built-in guard to protect the handle. Handles come in 28", 32", and 36" in either wood (hickory) or fiberglass. All fiberglass handles are made by NUPLA Corp. and are designed to be shaped as close to wood as possible. Handles are rated at 1,200 lbs. Scabbards are made with heavy-duty leather, twice as thick as others. The leather used comes from the shoulder of the hide, making it very strong. Scabbards will not stretch out and come pre-conditioned. *Made in the U.S.A.*

Specify handle: Fiberglass or hickory. Specify handle size: 28", 32", or 36"

BG138	6 lb. Pick Head Axe	\$156.95
BG139	8 lb. Flat Head Axe	\$165.95

Scabbards

BG140	Scabbard for Pick Head Axe	\$135.95

B. Buster Tool

- ▶ Designed for rugged use day after day
- ▶ Features an axe blade for cutting and busting
- ▶ Specially designed "H" section pike for penetration
- ▶ Ergonomically shaped, molded neoprene rubber handle w/grip-enhancing surface
- ▶ Positive grip prying claw with nail pulling feature and claw locking lever for 2-position claw placement
- ▶ "Slam & Ram" capability for quick and decisive entry
- ▶ Alloy 17-4 PH hardened stainless steel
- ▶ Ship. wt. 7 lbs.

Cat#	Description	Length	Weight	Price
BD038	Buster Tool with Compact Claw	21 ¹ / ₂	5.3 lbs.	\$279.95
BD039	Buster Tool with Standard Claw	23 ¹ / ₄	5.7 lbs.	\$279.95

C. Shoring Hammer

More Than Just A Hammer

Here is an essential tool for your rescue operations. The new Shoring hammer from Paratech is simple, unique and multi-functional. The shoring Hammer head is square for easier corner access and has a spanner wrench designed in. With three options for nail pulling and two open slots for gas shut-off valves, for 3/16" open-ended wrench on the claw end, the Shoring Hammer is perfect for a variety of rescue situations. Positive grip ridges are on both sides of the handle. The Paratech Shoring Hammer is cast from high-alloy steel with an electroless nickel plate finish and weighs 3 lbs.

BD042	Shoring Hammer	\$88.95
