

## Battle Fogger

4200 CFM

The Pro Fogger's simple design is an extremely effective fog machine incorporating a large heating block, a strong whisper-quiet pump, and our cutting-edge Rapid Change Technology (RCT) capillary tube replacement system. The large one-gallon integrated fluid tank prevents leaks and drips, a special hammer-tone finish resists scratches and wear, and a built-in handle balances off the sleek, rugged chassis. The Pro Fogger comes standard with a 25' deluxe remote, and onboard microprocessor, a built-in hose adapter, and a replacement RCT capillary tube kit. *Ship. wt. 25 lbs.*

AW352	Battle Fogger	\$998.95
AW415	Smoke Fluid-4 liter	\$46.95

## Superior Smoke Machine

4800 CFM

With a powerful 1300-watt heating core and reliable high-pressure piston pump, this machine delivers an impressive output of 4800cfm. It will quickly fill your training area with dense, persistent, non-irritating smoke with excellent obscuring power. Comes standard with 32-foot wired remote control featuring a selection for manual or self-timed operation. Simply set the control flow rate, duration of smoke blasts and interval between blasts. The Superior Smoke Machine will continuously refill an area with smoke at a steady, constant rate. Other features include thermal cutoff to prevent "wet smoke" and LED status lights. Unit holds one gallon of smoke fluid. UL listed. *Ship. wt. 32 lbs.*

AM240	Superior Smoke Machine	\$921.95
AM241	Smoke Fluid, 1-Gallon	\$54.95

## Smoke Canister

Strictly for use during your department mask drills. The Smoke Canister generates 500,000 cubic feet of dense white smoke for five to six minutes burning time. Smells and looks like fire smoke but will not leave odors or residue to damage clothing or walls. Irritating to discourage laxity in training exercise. Could be hazardous when used indoors without self-contained breathing apparatus. *Ship. wt. 4 lbs.*

### Minimum order of 2

R429	Smoke Canister	\$44.95/ea.

## Cloud 9 Smoker Machine 110 VAC

Smoke training used to be a nightmare for teachers using glycol-based smokers that frequently clogged, produced rapidly dissipating smoke that burned when inhaled, and left slippery residue on surfaces. That all changed with the introduction of Super Vac 's new self cleaning, mineral oil based, Cloud 9 Smoker, which produces huge amounts of pure white smoke, doesn't cause breathing discomfort, has superior hang time, and leaves no slippery residue. The Cloud 9 Smoker features the Automatic Clean Cycle, (ACC) that kicks in every time the machine is used. Change your next training nightmare into a dream, with the Cloud 9 Smoker machine from Super Vac.

Cat#	Dimensions	Weight	Price
BE043	28"x28.5"x20.5"	132 lbs.	\$4,999.95

## Smoke Candles

### For Fire Training and Testing Sewer/Water Mains

Eliminates costly equipment and time wasted when attempting to pinpoint leaks. This highly-visible smoke blends readily with air. They can also be used to trigger fire alarms, observe air flow or used as a signal. Other uses are to test fire masks, and use in Fire Service Training and exercises. No residue to stain clothing or building interiors; no explosives. *Ship. wt. 4 lbs.*
