

3-Way Siamese

Aluminum construction with large waterways. 2½" NST female swivel inlets. Convenient carrying handle. Ship. wt. 18 lbs.

AW078	3-Way Siamese 4" S x (3) 2½" NH Inlet	\$671.95
AW079	3-Way Siamese 5" S x (3) 2½" NH Inlet	\$671.95

LDH Hydrant Valve

This unique valve permits the first-in pumper to lay the large diameter line directly from hydrant to fire and start pumping water. If more pressure is required to boost the pressure at the hydrant to take full advantage of available water, another pumper can connect to the hydrant valve and start pumping with no interruption in flow. A third position provides emergency shut-down capability. Extension 13", 17¾"Wx13"H. Ship. wt. 27 lbs.

AS150	LDH Hydrant Valve 4" S x 4" NST	\$1,552.95
AS151	LDH Hydrant Valve 4" S x 4½" NST	\$1,552.95
AS152	LDH Hydrant Valve 5" S x 4" NST	\$1,316.95
AS153	LDH Hydrant Valve 5" S x 4½" NST	\$1,495.95

Gate Valve

Akron's new gate valve is constructed of lightweight Pyrolite® with a heavy-duty wedge gate design, a non-rising stem and a handwheel for easy operation at standard pressures. The handwheel can also be utilized as a carrying handle for easy transport of the valve. The unique design of the Gate Valve provides minimal friction loss and meets the NFPA slow close requirements. Ship. wt. 9 lbs.

AW161	3" NHF x 3½" NHM	\$784.95
AW162	3½" NHF x 3½" NHM	\$784.95
AW163	4" NHF x 4" NHM	\$784.95
AW164	4½" NHF x 5" Storz	\$741.95
AW165	4½" NHF x 4" Storz	\$741.95

Super Flow Large Ball Valve

Designed specifically for feeding to or from large diameter hoses. This valve has full flow 4½" waterways. Each outlet is provided with a ball gate valve to permit easy shutoff of the water flow. The valve has an adjustable relief valve to reduce effects of water hammer. The large gated wye eliminates the need to lay multiple lines. Particularly useful in supplying multiple apparatus with large diameter hose. Ship. wt. 56 lbs.

▶ Locking Storz

AR120	Super Flow Ball Valve, 4" Storz to (2) 4" Storz	\$1,530.95
AR121	Super Flow Ball Valve, 5" Storz to (2) 5" Storz	\$1,370.95

Siamese 2-Way Clappered

The Siamese 2-way clappered is made primarily of aluminum alloy that has been heat treated. The Siamese's other major components are made of stainless steel and galvanized brass. This lightweight and smaller design minimizes the friction loss by up to three times. Ship. wt. 8 lbs.

AW080	(2) 2½" F Inlet x 2½" M Outlet	\$261.95
AW081	(2) 2½" F Inlet x 4" M Outlet	\$261.95
AW082	(2) 4" F Inlet x 4" Outlet	\$735.95
AW083	(2) 2½" F Inlet x 4" Storz Outlet	\$311.95
AW084	(2) 4" Storz x 4" Storz Outlet	\$937.95

2-Way Siamese

These reliable clappered Siamese valves are used for feeding one large line with multiple smaller lines. Clapper valve allows for single line usage as well. Powder-coat aluminum finish with carrying handle. Other sizes also available. Length 10½"Lx10"Wx 5"H. Ship. wt. 8 lbs.

▶ Single Clapper

AS138	2-Way Siamese 4" Storz x (2) 2½" NST F SW	\$222.95
AS139	2-Way Siamese 4" Storz x (2) 2½" NST M	\$222.95
AS140	2-Way Siamese 5" Storz x (2) 2½" NST F SW	\$244.95
AS141	2-Way Siamese 5" Storz x (2) 2½" NST M	\$244.95
