

ANTI-SLIP PRODUCTS

Help avoid slip-related injuries with our self-adhesive, anti-slip safety products. Master Stop® mineral abrasive products meet OSHA safety requirements and are easily applied to any clean, dry, oil-free surface including wood, metal, asphalt and concrete – just peel off the paper backing and press in place. Tolerates steam cleaning and detergents if properly applied. Ideal for both indoor and outdoor use. **Tapes now available in hazard warning stripes.**

- Conforms to beyond a 90° angle without cracking.
- Withstands temperatures ranging from –40°F to +220°F.

ANTI-SLIP TAPES

Solid Black

Cat. #	Size
TPSG-3460	3/4" x 60'

TPSG-SWW	Black with 1/4" Reflective Stripe

CONSPICUITY TRAILER MARKING TAPE

Federal mandate requires that all new trailers having an overall width of more than 80 inches and a gross vehicle weight rating of more than 10,000 lbs be equipped on the sides and rear with some means for increasing their conspicuity. With a brightness of 700-1000 candle power intensity, our Conspicuity Tape meets the ASTM D-4956-90 Type V sheeting requirements to comply with this mandate. Pressure-sensitive tape resists dirt and grime as well as common solvents.

Style	Cat. #	Size	Color
Alternating Stripes	CMT-210RW	2" x 10 yards	Red and White Stripes
