

Battery Operated Compact Smoke Alarm

Model 0946

Hush® Feature

Temporarily silences nuisance alarms

Test Button

Tests unit's electronic circuitry, horn and battery function

Attractive Compact Design

Four (4) inch diameter

Description

The Kidde 0946 smoke alarm is a battery operated smoke alarm that utilizes ionization sensing technology. The four (4) inch unit is smaller in diameter giving it discreet design with the same quality you would expect in a Kidde manufactured product. The 0946 is powered by a 9V battery, providing continuous protection, even during power outages. This easy to install unit includes a test button to verify the detection electronics are working as intended.

Consumer Benefits

The Kidde 0946 battery operated, single station smoke alarm provides an early warning signal to you and your family in the event of a fire hazard. The 0946 operates on a 9V battery power source that provided continuous protection even during a power outage, Installation is easy, no wiring required. This unit is UL Listed and includes a 5 year limited warranty.
