

## A. Heavy-Duty Cutters

Extra-heavy jaw bolts and straps make these the most rugged around. Center cut, round edge cutters to Brinell 400, Rockwell C42 hardness. Cutters have extended nose straps for longer jaw life. *Ship wt. 18 lbs.*

<b>T988</b>	Heavy Duty Bolt Cutter, 36" L	\$222.95
<b>T987</b>	All Purpose Bolt Cutter, 36" L	\$160.95
<b>J874</b>	Heavy Duty Bolt Cutter with Fiberglass Handles	\$227.95
<b>H962</b>	Chain & Padlock Cutters, 42" L	\$289.95

- ▶ Heavy-duty
- ▶ Extended nose straps
- ▶ Extra heavy jaw bolts

A

## B. Short-Style Center Cut Cutters

For free or general cutting of soft or hard rods, bolts, cold drawn spring wire, standard guy wire, alloy wire, rods, and hard steel up to Brinell 400, Rockwell C42 hardness. Cutting edge is in the middle of the blade with an equal bevel on each side. *Ship. wt. 4 lbs.*

<b>Y206</b>	Short Style Cutters, 14" L	\$90.95
<b>Y207</b>	Short Style Cutters, 18" L	\$95.95

- ▶ 14" Cutter Capacity
- ▶ Soft Metal: 5/16"
- ▶ Hard Metal: 3/16"

B

## C. General Purpose Center Cut Cutters

All-purpose jaws with center-cut blades. Toggle joints turn 50 lbs. of hand pressure into 4,000 lbs. cutting pressure to cut soft, medium and hard metals. Lockplate keeps jaws from loosening and screw-type adjustment realign edges. Strong, durable, lightweight fiberglass handles. *Ship. wt. 5 lbs.*

<b>AL234</b>	General Purpose Center Cut Cutter, 24 1/2" L	\$164.95
--------------	--	----------

- ▶ Soft Metal: 7/16"
- ▶ Medium Metal: 7/16"
- ▶ Hard Metal: 5/16"

C

## D. ElectraShield BoltMaster

A premium, hardened steel bolt-cutter. Features an advanced polymer handle that is non-conductive to 100,000 volts. Lightweight with advanced camming action for tremendous cutting force. Replaceable cutting teeth. *Ship. wt. 6 lbs.*

<b>AM293</b>	ElectraShield BoltMaster, 24" L	\$199.95
--------------	---------------------------------	----------

- ▶ Jaw Opening 3/8"
- ▶ Non-Conductive
- ▶ Handle to 100,00 volts

D

## E. Cable Cutters

Can be used as either cable or wire rope cutters and is available in two sizes. The 28" model has Celtex grips for added comfort. The smaller size can be used for battery terminals.

<b>AW189</b>	28" Cable Cutter (1 1/4" Jaw Capacity)	\$45.95
<b>AW190</b>	10" Cable Cutter (7/8" Jaw Capacity)	\$12.95

- ▶ 10" or 28" Cutter Capacity
- ▶ Cut cable or wire

AW189

## F. Connection Mallet

Unbreakable rubber mallet with a solid Celtex no-slip grip fiberglass handle, epoxy glued and pinned. Mallet will not break on overstrike and will give a lifetime of use. *Ship. wt. 2 lbs.*

<b>AJ311</b>	Connection Mallet, 2 lbs.	\$16.95
--------------	---------------------------	---------

AW190

## G. Dead Blow Hammer

Features patented Power Drive® deadblow technology which produces 40% more driving force. Dead blow assembly is completely encased within a tough polypropylene outer jacket for lifetime durability. Non-marring and surface-protective striking face with ergonomic grip design. *Ship. wt. 2 lbs.*

<b>AM180</b>	Strike-Pro Dead Blow Hammer	\$23.95
--------------	-----------------------------	---------

F

G

H

## H. Sledge Hammer

Perfectly balanced to lie correctly in the hands for that short strike stroke. Large, oversized head makes the strike zone more accurate and easier to hit. Cutting edge annealed to keep its edge longer. Super strong handle has a rigid fiberglass core surrounded by durable shock-absorbing foam, eliminating the need for hand grips. *Ship. wt. 10 lbs.*

<b>AE445</b>	Sledge Hammer	\$45.95
