- ▶ **Super Lightweight
Only 12.8 oz.
*with gel earseals!***
- ▶ **NRR 25 dB**

PRO GT

aviation headsets

Peltor's latest line of aviation headsets exhibit exceptional style and performance along with the protection, durability and comfort that is expected from the global leader in communication headsets. The Pro GT headsets are manufactured with Peltor's H79 cup which offers our best passive hearing protection, and combined with our new gel earseals are unbelievably comfortable and quiet.

Wide, softly padded headband for all day comfort

Patented stainless steel spring arms designed for durability and low pressure

Cup colour available in white

Carrying bag included with every headset

Single volume control with dual action feature: individual earphone balance + overall adjustment

NEW gel earseals

Microphone boom rotates for left or right side placement

NEW sleek gooseneck boom: incorporates our latest in eletret noise cancelling microphone technology

Pro GT Aviation headsets:

7000 Pro GT	Aviation fixed wing version, dual plug, blue cups
7000W Pro GT	Aviation fixed wing version, dual plug, white cups
7000 Pro GTH	Helicopter, high impedance single plug, blue cups
