

Hydraulic Pail Crusher

Crush 5-gallon steel pails quickly and easily. Crushes steel pails to approximately 2" high and resets automatically to crush another pail. Reduce storage space and disposal costs. Safety features include: pressure relief valve to prevent overload, door interlock system to prevent the motor from running if the door is unlatched, mushroom head emergency stop button. Other features include a hydraulic pump that provides 70 second cycle time, 10,000 pounds of crushing power, removable legs for bench top mounting and 120 volt single phase for "plug in operation". Meets OSHA and JIC standards. *(Oil Filter Crusher can be found on page 155)*

MODEL NUMBER	DESCRIPTION	OVERALL SIZE (W x D x H)	NET WT. (POUNDS)
HPC-400	STEEL PAIL CRUSHER	28" x 28" x 65"	300

Linear Actuated Pail Dumper

Minimize redundant bending required to pour pail contents. 120 volt 1 phase power supply standard. Pendant hand control gives operator infinite control of 135° rotation. Solid steel construction with variable height refastener to dispense with or without pail contents contacting the chute. Dump height is 17" when chute is fully rotated. Portable with two rigid and two swivel casters.

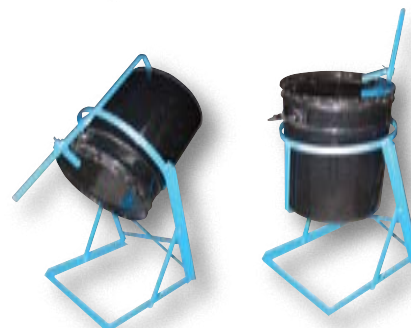

MODEL NUMBER	OPERATION	CAPACITY (POUNDS)	NET WT. (POUNDS)
PAIL/D-5	LINEAR ACTUATED	125	261

Manual Pail Tippers

The back saving Manual Pail Tipper is designed for dispensing 5-gallon plastic or steel pails. Variable height chime lock for quick loading and unloading. Sturdy steel or stainless steel construction available. The overall size is 12½"W x 14¼"D x 30"H. Ships knockdown. Some assembly required. Pail is rotated manually.

MODEL NUMBER	CONSTRUCTION	DISPENSING HEIGHT	CAPACITY (POUNDS)	NET WT. (POUNDS)
CAN-A	STEEL	10"	70	8
CAN-S	STAINLESS STEEL	10"	70	12

Galvanized Cylinder Storage Cabinets

Store LP tanks horizontally and acetylene tanks vertically in these heavy-duty Cylinder Storage Cabinets. Made of all steel construction, these rust resistant units have 4 gauge galvanized welded wire sides with sturdy 1½" square steel angle frames. Durable 12 gauge galvanized steel roof. The galvanized rust resistant finish stands up to harsh outdoor environments. Features a padlock hasp for security (padlock not included), "Danger Flammable Materials" sign, and all necessary hardware. Meets OSHA 1910.110 requirements. Assembly required.
